S.P. KOWSALYA

Software Developer | Python Developer

Madurai, Tamil Nadu | 9361563676 | kowsisp47@gmail.com

LinkedIn: linkedin.com/in/kowsalya-73663a3b7 | GitHub: github.com/kowsisp47

PROFESSIONAL SUMMARY

Motivated MCA student with strong knowledge in Python, Data Structures, and Machine Learning. Developed a CNN-based Road Surface Defect Detection and Severity Evaluation system using image processing techniques. Passionate about building real-world applications and solving problems using technology. Seeking an entry-level Software Developer role to apply and enhance my technical skills.

TECHNICAL SKILLS

Programming Languages: Python, Java (Basic), C (Basic)

Web Technologies: HTML5, CSS3, JavaScript (Basic), Bootstrap

Databases: MySQL, MongoDB

Libraries/Tools: OpenCV, NumPy

Core Concepts: Data Structures, OOP, DBMS, Machine Learning, CNN (Basic), Problem Solving

Developer Tools: Git (Basic), GitHub, VS Code

EDUCATION

Master of Computer Applications (2024–2026)

V.V. Vanniaperumal College for Women – Affiliated to Madurai Kamaraj University

CGPA: 8.40 / 10 (Up to 3rd Semester)

B.Com (Computer Applications) (2021–2024)

CGPA: 8.1 / 10 – First Class | Gold Medalist

HSC (Commerce) – Kshatriya Girls' Higher Secondary School, Virudhunagar (2021)

Percentage: 88%

SSLC – Kshatriya Girls' Higher Secondary School, Virudhunagar (2019)

Percentage: 77%

PROJECTS

CNN-Driven Road Surface Defect Detection and Severity Evaluation

• Designed and developed a CNN-based model to detect road surface defects from images.
• Applied image preprocessing techniques such as resizing, normalization, and noise reduction to improve model performance.
• Implemented severity classification to categorize cracks based on damage levels.
• Improved detection accuracy using optimized image processing and classification techniques.
• Applied problem-solving and analytics skills to improve model performance.
• Technologies: Python, OpenCV, NumPy, Machine Learning, Deep Learning, CNN.

OTHER PROJECTS

RedBus Inspired Frontend Web Application

• Designed and developed a responsive web interface using HTML, CSS, JavaScript, and Bootstrap.
• Improved user experience by implementing structured layouts and interactive UI components.

Shop Annual Accounting System

• Managed inventory, payroll, and taxation using Tally ERP.
• Processed and maintained 1000+ financial transactions efficiently.

INTERNSHIP EXPERIENCE

Website Development Intern — GETIN Technologies (May 2025 – June 2025)

• Developed responsive web pages using HTML, CSS, and JavaScript.
• Improved UI design using structured layouts and styling techniques.
• Collaborated on frontend tasks and enhanced usability of web pages.

ACHIEVEMENTS & ACTIVITIES

• Gold Medalist in B.Com (Computer Applications) for academic excellence.
• Secured 3rd place in an Intercollegiate Quiz Competition.
• Winner of multiple Intercollegiate Adzap Competitions.
• Awarded Proficiency Prizes in 1st and 2nd Year.
